

THE SOCIO POLITICAL RECOVERY TRIANGLE AFTER COVID 19.

After seeing what is available as Recovery Plans for Trinidad and Tobago after COVID 19 in 2020, a response was made to one group offering a brilliant suggestion, today Tue/19/May/2020.

Yesterday 18th May 2020, on Facebook, Caroni Central MP Dr. Bhoe Tewarie recommended SIX ACTION STEPS TO RECOVERY.

I congratulated him on his methodology for the Economic Aspect for Recovery in Trinidad and Tobago and pointed the direction for more, from the thinkers in the UNC Academy, the only Political Party here, with its personal Academy.

A beautiful methodology for managing the SOCIO-ECONOMIC aspect of Recovery after COVID 19. What I will like to hear from all the experts in the UNC Academy is suggestions for the SOCIO-PSYCHOLOGICAL and SOCIO-LEGAL aspects of Recovery.

A SOCIO-POLITICAL MAP for Recovery after COVID 19 here in TT, must in my humble opinion, encompass these 3 Elements of Development under the Triangle Model of these Elements.

We cannot continue with the past methods of sustainability without a comprehensive analysis of all our operating systems, from the home and parenting styles to the Parliament and the behaviour of Parliamentarians. Cloud Archive: <https://www.archive.org/details/@mavawsec>.

Massive Audits must be done and have to include Manpower, Financial, Operations and Past Procedures. The Paradox of the Ripple Effect Theory is poised here to support this step up.
